

UNIVERSITY CURRICULUM COMMITTEE AGENDA
2:00 p.m., Friday, February 10, 2017
106 Administration, Provost Conference Room

Note: If you are unable to attend or will be sending a substitute, please notify [Carole Makela](mailto:Carole.Makela@colostate.edu) (1-5141) or [Curriculum Catalog@colostate.edu](mailto:Curriculum_Catalog@colostate.edu) (1-2429) prior to the meeting.

MINUTES – Minutes of February 3, 2017.

ANNOUNCEMENTS

1. Faculty Council approved (at the 2/7 meeting) the UCC minutes of 11/11, 12/2, 12/9, 1/20 and 1/27.
2. In the 2017-18 catalog, an “Overview” tab will be added to each graduate program, similar to how the undergraduate programs are currently listed in the 2016-17 catalog. The Registrar’s Office has tried to populate this section in the catalog when they could find a program description in CIM, but some programs will need to add a description for their programs during the annual catalog editing process that will begin in a few weeks.

CONSENT AGENDA

OTHER BUSINESS

1. **Discussion Item: UCC Committee Responsibilities and Operating Procedures**
[UCC Committee Responsibilities – Faculty Manual Section C:](#)
k. University Curriculum Committee (last revised June 22, 2006)

The University Curriculum Committee shall consist of one (1) faculty representative from each college and the Libraries, one (1) undergraduate student, one (1) graduate student, and the Provost or his or her designee (ex officio). The duties of this standing committee shall be:

1. To receive or initiate recommendations pertaining to each and every course and program offered for academic credit by any unit of the University.
2. To evaluate all proposals for new undergraduate courses and programs as well as changes in existing courses and programs for correlation with other departments before consideration and approval by the Faculty Council.
3. To evaluate all proposals for new graduate courses and programs as well as changes in existing courses and programs for correlation with other departments. Review of graduate programs is conducted after the Committee on Scholarship, Research, and Graduate Education has recommended approval prior to their submission to the Faculty Council for approval.
4. To develop necessary administrative procedures for informing interested colleges concerning courses under consideration.
5. To evaluate proposals for the establishment of new departments, and the change of academic name, change in college affiliation, dissolution, division, or merger of existing departments.

6. To recommend policies to the Faculty Council related to the operations of the Division of Continuing Education which impact curricula.

[UCC Operating Procedures](#)

OLD BUSINESS

<i>New Courses</i>		<i>Effective Term</i>	<i>Notations</i>
COLLEGE OF BUSINESS			
BUS 501	BUS 501 Prof. Bus. Comm. For Multicultural Audiences 3(3-0-0) S Prerequisite: None. Registration Information: Graduate INTO Business Pathway students only. Description: Best practices for communicating in a professional business environment with multicultural audiences. Incorporating business scenarios, students interact face-to-face, using technology and written communication in a clear, concise, and professional manner. Provides practical application based on real-world business challenges that require appropriate communication strategies for optimum resolution. Students present solutions to business problems based on credible research and analysis Grade Mode: Traditional Reason for Request: To better prepare graduate INTO Business Pathway students for effectively communicating using business oriented language in graduate level business courses and in the business world.	Fall 2017	<i>Elective</i> <i>Graduate INTO Early Career MBA Pathway</i>
COLLEGE OF LIBERAL ARTS			
ART 320	ART 320 Global Encounters in Art 3(3-0-0) As Needed Prerequisite: None. Registration Information: Sophomore standing. Description: Comparative topics in global art. Grade Mode: Traditional [proposed new AUCC 3B: Arts & Humanities] Reason for Request: The course fulfills a curricular need within the Department of Art and Art History for comparative study of art across geographic regions, while meeting a need for a CSU course that can be offered for credit on Semester at Sea voyages. It also suits the global scope of the art collection at the Gregory Allicar Museum of Art, which will be a major resource for student research and course activities.	Fall 2017	<i>General Elective</i>
ART 425	ART 425 Integrated Visual Studies 4(4-0-0) S Prerequisite: None. Registration Information: Written consent of advisor. Senior standing. 21 credits of upper-division coursework in the Major in Integrated Visual Studies. Description: Interdisciplinary and guided study linking systems of knowledge. Students are afforded the space to draw on their breadth of information and artistic mediums to create a capstone project that demonstrates an ability to communicate effectively across verbal, visual, and written forms. Develop skills as makers and thinkers, fostering critical awareness of how society reflects and produces visual meaning. Grade Mode: Traditional. [Proposed new AUCC 4C: Capstone Experience for the: Bachelor of Arts, Integrated Visual Studies Concentration (proposal pending in CIM)] Reason for Request: Currently, the BA Capstone is a "shared" capstone with the BFA degree. The proposed course will provide a distinct capstone experience for the newly designed BA in Integrated Visual Studies. Through the completion of this class, students will learn how to articulate the interdisciplinary link between studio arts and their secondary field of study. Students will also make connections between visual art, contemporary culture, and community. Completion of course projects will necessitate that students advance their skills in research, writing, and public speaking.	Fall 2017	<i>Required in:</i> BA Integrated Visual Studies (new proposal) <i>Proposed new:</i> AUCC 4C (No change – waiting for program proposal)

COLLEGE OF NATURAL SCIENCES

BZ 192	BZ 192 First Year Seminar–Biology/Zoology 1(1-0-0) F	Fall 2017	<i>General Elective</i>
Reason for Request:	<p>Prerequisite: None.</p> <p>Registration Information: Freshman only. This is a partial semester course. Credit not allowed for both BZ 180A1 and BZ 192.</p> <p>Description: Introduction to the resources and academic programs in biology; the role of biosciences.</p> <p>Grade Mode: Traditional.</p> <p>First year students in the Biology department commit to a rigorous course schedule, and a significant number of students struggle to succeed academically. Rather than students meeting individually with their academic advisor for a limited amount of time to review a number of resources and to go through academic planning information, this seminar offers an extended orientation for students to define the Biology and Zoology major resources and key campus offices. This seminar makes first-year students aware of resources in their college and department that can support their efforts to meet high academic goals, challenges students to think critically about their engagement with the campus community, and helps students understand the importance of and responsibility to create a graduation plan. This class clarifies academic expectations of the majors, while connecting students with staff and faculty who can provide guidance throughout their student experience.</p> <p>This course also allows students to receive large-group advising concerning academic requirements, undergraduate research, and course planning.</p>		
BZ 565/ MIP 565	BZ 565/MIP 565 Next Generation Sequencing Platform/Libraries 1(0-2-0) F	Fall 2017	<i>General Elective</i>
Reason for Request:	<p>Prerequisite: CM 505.</p> <p>Registration Information: This is a partial semester course. Credit not allowed for both BZ 565/MIP565 and CM 581A2.</p> <p>Description: Theoretical and experimental aspects of next generation sequencing experiments with a focus on the Illumina platform. Students will create and sequence metagenomic and 16S rDNA libraries from soil samples and unknown bacterial cultures.</p> <p>Grade Mode: Traditional</p> <p>Over the last decade, next generation sequencing (NGS) has become a widely used approach to understand and characterize biological processes. However, due to the rapid rise of this technology most faculty, even within the life sciences, have little hands-on experience. This makes it challenging for them to provide adequate training for graduate students.</p> <p>This course addresses this gap by providing training in both the experimental design and practical aspects of creating a library for NGS. The course will be of value to both life scientists and biomedical engineers engaged in research involving NGS approaches. Furthermore the course will also be open to Statistics, Mathematics and Computer Science graduate students who routinely analyze and model data generated through NGS.</p> <p style="text-align: right;"><i>Initial UCC Review: Need to wait for prerequisite course to be approved</i></p>		

COLLEGE OF VETERINARY MEDICINE AND BIOMEDICAL SCIENCES

VS 665B	VS 665B Advanced Topics in Veterinary Cardiology: Heart Failure and Cardiac Biomarkers 2(2-0-0) F	Fall 2017	<i>General Elective</i>
	<p>Offering Year: Every Third Year</p> <p>Prerequisite: BMS 420.</p> <p>Restriction: Must be a: Graduate, Professional.</p> <p>Registration Information: DVM degree or equivalent professional medicine degree required, or by instructor permission</p> <p>Description: Second in a series of graduate level topical courses. The intent of the series is to highlight the pathobiology, advanced diagnostics, and treatment strategies for animals and humans with spontaneous cardiovascular disease. A) Cardiopulmonary Pathophysiology B) Heart Failure & Cardiac Biomarkers C) Cardiac Catheterization & Hemodynamics D) Electrophysiology & ECG Interpretation E) Cardiac Imaging F) Congenital Heart Disease</p> <p>Grade Mode: Traditional</p>		

Reason for Request: Current graduate courses in the department provide a cursory overview of cardiovascular medicine targeted toward general medicine/surgery residents and graduate students. Residents and graduate students with a focus in cardiology require more in-depth and targeted syllabi on unique aspects of comparative cardiovascular medicine. This course series will provide a high level analysis and advanced training in basic and clinically relevant aspects of cardiovascular medicine, an area which is lacking in the current graduate curriculum.

<i>Major Changes to Courses</i>	<i>Effective Term</i>	<i>Notations</i>
COLLEGE OF LIBERAL ARTS		
<p>ANTH 370 ANTH 370 Primates Primate Behavior and Ecology 3(3-0-0) <u>As Needed S</u> Fall 2017</p> <p>Prerequisite: ANTH 120 or BZ 101. Registration Information: Sections may be offered: Online. Description: Behavioral patterns, ecological relationships, and communication of nonhuman primates. Grade Mode: Traditional <u>Student Option</u> Offering Year: Every <u>Even</u> [proposed new <u>AUCC 4A: Using Competencies</u> for the following: Major in Anthropology Major in Anthropology, Archaeology Concentration Major in Anthropology, Biological Anthropology Concentration Major in Anthropology, Cultural Anthropology Concentration Major in Anthropology, Geography Concentration]</p>		<p>Proposed new: AUCC 4A</p> <p>(Updates have been made to AUCC rationale, CLO #5, Assessment Components, & Review Comments)</p>
<p>Reason for Request: ANTH 370 should be designated as a 4A course in order to broaden student course offerings in this category for Anthropology majors.</p>		
<p>ART 492A ART 492A Seminar: Art History 3(3-0-0) <u>As Needed F, S, SS</u> Fall 2017</p> <p>Prerequisite: ART 212. Registration Information: None. Description: <u>Topical studies in Art History.</u> Grade Mode: Traditional <u>Instructor Option</u> [proposed new <u>AUCC 4A: Using Competencies & AUCC 4B: Building Upon Foundations and Perspectives</u> for the following: Bachelor of Arts, Art Education Concentration Bachelor of Arts, Art History Concentration Bachelor of Arts, Studio Concentration Bachelor of Arts, Integrated Visual Studies Concentration (proposal pending in CIM)]</p>		<p>Proposed new: AUCC 4A & 4B</p>
<p>Reason for Request: The seminar in Art History is not currently listed as fulfilling AUCC 4A, 4B criteria although the way the course is taught already fulfills the stipulations. Adding this designation to the course will help attract more students to the special topics courses we offer as seminars.</p>		
<p>ART 496H ART 496H Group Study: Art History 31-4(30-0-0) <u>As Needed F, S, SS</u> Fall 2017</p> <p>Prerequisite: ART 212. Registration Information: Maximum of 9-8 credits allowed in course. Description: <u>Topical studies in Art History.</u> Grade Mode: Traditional <u>Instructor Option</u> [proposed new <u>AUCC 4A: Using Competencies & AUCC 4B: Building Upon Foundations and Perspectives</u> for the following: Bachelor of Arts, Art Education Concentration Bachelor of Arts, Art History Concentration Bachelor of Arts, Studio Concentration Bachelor of Arts, Integrated Visual Studies Concentration (proposal pending in CIM)]</p>		<p>Proposed new: AUCC 4A & 4B</p>
<p>Reason for Request: The Group Study in Art History is not currently listed as fulfilling AUCC 4A, 4B criteria although the way the course is taught already fulfills the stipulations. Adding this designation to the course will help attract more students to the special topics courses we offer as group studies.</p>		

LSPA 500	LSPA 500 Language Analysis/Stylistics-Spanish 3(3-0-0) F Prerequisite: LSPA 400. Registration Information: May be taken 3 times for credit. Description: Analysis of Spanish structure through the examination of style in literary and non-literary texts. Grade Mode: Student Option	Fall 2017	<i>Elective in:</i> Grad Cert in Spanish Linguistics and Literary Studies
Reason for Request:	This course will rotate topics (Syntax, Phonetics/Phonology, Morphology, Other).		

NEW BUSINESS

<i>New Courses</i>	<i>Effective Term</i>	<i>Notations</i>
--------------------	-----------------------	------------------

COLLEGE OF LIBERAL ARTS

LB 370	LB 370 Liberal Arts and Meaningful Work 1(1-0-0) As Needed Prerequisite: Completion of AUCC Category 2. Registration Information: This is a partial semester course. Offered as an online course only. Credit not allowed for both LB 370 and LB 380A1. Description: Assist Liberal Arts students transition from college to career. Students will apply skills and theory from their Liberal Arts degrees to the search for meaningful work, research the job market, and begin building professional networks. Grade Mode: S/U Sat/Unsat Only	Fall 2017	<i>General Elective</i>
Reason for Request:	This course is not intended to be a curriculum requirement; instead it is a one-credit elective course intended for Liberal Arts students who will be graduating soon. As such, the coursework is focused on readings, discussion posts, and the type of work that students will need for the job search. The S/U grade is appropriate for both the elective nature of the course and the type of work that students will be completing.		

<i>Major Changes to Courses</i>	<i>Effective Term</i>	<i>Notations</i>
---------------------------------	-----------------------	------------------

COLLEGE OF HEALTH AND HUMAN SCIENCES

DM 575	DM 575 Human Factors in Design Softlines 3(3-0-0) S Prerequisite: DM 501; or concurrent registration. may be taken concurrently Registration Information: Senior standing. DM 501 or concurrent registration. Description: Theories and contemporary issues related to human factors in consumer product design. design with a specific focus on interior, apparel, and footwear products. Grade Mode: Traditional	Fall 2017	<i>General Elective</i>
Reason for Request:	This course has attracted students with diverse backgrounds from various disciplines (e.g., product development, education, ergonomics, psychology, industrial design). Besides soft-lines, students in this class have explored human-centered design issues for broader product categories, including smart technologies (e.g., google glasses, smart phones), kitchen appliances (e.g., microwaves), furniture (e.g., cabinets), occupational protective equipment (e.g., firefighter turnout gear), athletic footwear, etc. There is a critical need to change the course title to accurately reflect the course objectives and content.		

HDFS 497A	HDFS 497A Group Study – Peer Advising Var. 1-3 F, S	Fall 2017	<i>Elective</i>
	<p>Prerequisite: HDFS 277. None.</p> <p>Registration Information: Written consent of department required. A maximum of 3 credits may count toward a student's concentration. Course may be repeated up to nine times for elective credit.</p> <p>Description: Serve as an active member of the Peer Advising Team by providing assistance to undergraduate students and support to the HDFS advisors to enhance the services provided by the HDFS Undergraduate Advising Office. Application of human development skills in a variety of settings.</p> <p>Grade Mode: S/U Sat/Unsat Only Student Option</p>		
Reason for Request:	<p>HDFS 497A is used to provide a leadership opportunity in the HDFS Undergraduate Advising Office through a Peer Advising role. HDFS 497 prior to Spring 2015 was approved as instructor option. When the HDFS 497 course was separated into A-G subtopics this grade mode was unintentionally changed to pass/fail. For HDFS 497A, student option is a more appropriate option than instructor option. Thus, the main reason for this request is to change the grade mode to Student Option so that students can receive either traditional grading or satisfactory/unsatisfactory grading, based upon their choice. We are requesting student option in spring 2017 in addition to this request for subsequent semesters.</p> <p>The second reason is to add HDFS 277 as a prerequisite, which has been required for department approval. Part of the peer advisors' role in 497A is to assist the instructors of HDFS 277, thus justifying HDFS 277 as a prerequisite.</p>		

COLLEGE OF LIBERAL ARTS

SPCM 538	SPCM 538 Relating and Organizing for Health Communicating in the Health Clinic 3(3-0-0) F, S	Fall 2017	<i>General Elective</i>
	<p>Offering Year: Odd Every</p> <p>Prerequisite: None</p> <p>Registration Information: Graduate standing.</p> <p>Description: Organizational, interpersonal, and intercultural dimensions of communicating in public health care organizations. clinical settings.</p> <p>Grade Mode: Traditional</p>		
Reason for Request:	<p>The current name of the course "Communicating in the Health Clinic" doesn't represent the breadth of the course. Renaming to Relating and Organizing for Health captures the breadth and puts the course in line with the name of one of our graduate sub-areas.</p>		

COLLEGE OF NATURAL SCIENCES

CHEM 246	CHEM 246 Fundamentals of Organic Chemistry Laboratory 1(0-23-0) F, S, SS	Fall 2017	<i>Prerequisite</i>
	<p>Prerequisite: (CHEM 108 or CHEM 112 or CHEM 114) and (CHEM 245, may be taken concurrently)</p> <p>Registration Information: Credit not allowed for students who have already taken CHEM 344.</p> <p>Description: Laboratory applications of principles presented in CHEM 245.</p> <p>Grade Mode: Traditional</p>		
Reason for Request:	<p>Experience has shown that the experiments are complete within 2 hours. Thus, we are not changing the curriculum, but rather re-allocating the appropriate operating time for the labs in the schedule. We confirmed this time allocation this fall. The recovery of the the extra hour will allow the department to offer more sections of this lab as well and other labs that use the same room arrangement.</p>		<p><i>(proposal has been resubmitted as a 'major' change with course content details added)</i></p>

INTRA-UNIVERSITY

MLSC 301	MLSC 301 Adaptive Tactical Leadership 3(3-0-0) F	Fall 2017	<i>Elective</i>
	<p>Prerequisite: MLSC 202 None.</p> <p>Registration Information: Required field trips. Must have concurrent registration in MLSC 396.</p> <p>Description: The study, practice, and application of the fundamentals of Army leadership, officership, Army values and ethics, personal development, and small unit tactics at the platoon level. Leadership theory review; leadership assessment program to further develop leadership and management skills; physical fitness training.</p> <p>Grade Mode: Traditional</p>		<i>Minor in Military Science</i>
Reason for Request:	<p>The Army ROTC curriculum is established by the Army. The Army released updates to the existing curriculum. Several topics have been moved to other classes, and there has been consolidation of some topics and expansion of others. The existing course description needs to be updated so that the university catalog more accurately reflects course content.</p>		

New Concentration

College of Liberal Arts Effective Fall 2017
 Department of Art and Art History [Link to CIM](#)
Bachelor of Arts, Integrated Visual Studies Concentration

Reason for Request: We are redesigning the BA-Studio major to orient it towards an integrated humanities and visual culture approach to differentiate it more clearly from the BFA-Studio major. This revised BA-Integrated Visual Studies major will serve a broader population of students interested in the visual arts, especially those desiring a double major in art and a cognate discipline. This change is motivated by feedback we received from NASAD as we are preparing for departmental accreditation in Fall 2017.

Major Changes to Existing Programs

College of Business
Major in Business Administration

Effective Fall 2017
[Link to CIM](#)

Reason for Request: COB faculty voted to drop BUS 150 as a Business core requirement.

Core Curriculum

The following core curriculum sets the minimum course requirements for all business majors. With recommendations of the student’s advisor, supplementary courses are selected to meet the total minimum of 120 credits required for the Bachelor of Science degree.

All freshman and sophomore required courses must be completed prior to or concurrent with first enrollment in required junior and senior courses. By the beginning of the junior year, students must select one of the above concentrations approved for the major in Business Administration.

Additional requirements which all business majors must complete are:

1. one of the approved concentrations;
2. **All-University Core Curriculum (AUCC)** requirements;
3. Business majors must not utilize the satisfactory/unsatisfactory (S/U) grading option in any Business concentration course or and Business core course (BUS and non-BUS subject codes) except when a course allows S/U grading.

Effective ~~Fall 2017~~ 2015

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement. A student who has less than this average at the end of any term is subject to referral by the department head or college dean to the Faculty Council Committee on Scholastic Standards of CSU for consideration of academic dismissal from the College of Business.

College of Business
Department of Finance and Real Estate
Major in Business Administration, Real Estate Concentration

Reason for Request: The proposed changes in the curriculum for the Real Estate Concentration will allow students to tailor their education to meet their goals in the real estate profession. Students will select four courses from the five upper division real estate courses to complete their degree requirements. This will allow them to concentrate on courses that will best prepare them for their careers in real estate.

College of Business voted to drop BUS 150 from Business core and replace it with three additional elective credits.
