KEY TO CODES

University-wide course subject codes are listed below. College-wide subject codes are listed at the beginning of each college section. Special academic unit and department course subject codes follow the unit heading.

Six-digit numbers following undergraduate majors and graduate degree programs are CIP codes used for reporting purposes.

Letter and number codes preceding graduate and undergraduate (major) degree programs (e.g., AG 1101 AGED-BS) are Colorado State University internal college, department, major/specialization/ concentration/minor codes used for reporting purposes.

Master's Degrees

Master of Science (M.S.) and Master of Arts (M.A.)

Plan A requires the preparation of a *thesis*. The thesis is typically a written formal document which addresses, in an original fashion, some important concern of the discipline. A thesis involves significant independent work. A certain number of credits are allowed for the preparation of the thesis.

Plan B does not require a thesis; instead, more credits are earned in other types of courses, and a scholarly paper may be required.

Professional degrees are distinguished in three ways:

The degree title names a professional area (e.g., Master of Occupational Therapy)

Generally, only course work is required. No thesis, project, or final examination is required. Some specific programs may require an internship, practicum, or other experience consistent with expressed goals of the program, as approved by the University Curriculum Committee.

Plan C degrees are designed as professional degrees. Within any given department, Plan C degrees may not bear the same title as those of Plan A or Plan B.

Within Plans A, B, and C specializations may be identified.

Professional Sciences Master's (PSM) is designed to have majority of credits in advanced science, technology, engineering, math and/or computational sciences with a professional skills component⁴ and a capstone experiential component. A PSM will conform to the national criteria determined by the PSM National Office.
