Friday, November 17, 2017 at 2:00 p.m.  
106 Administration, Provost Conference Room

If you are unable to attend or will be sending a substitute, please notify [Carole Makela](mailto:Carole.Makela@colostate.edu) (1-5141) or [Curriculum\\_Catalog@colostate.edu](mailto:Curriculum_Catalog@colostate.edu) (1-2429) prior to the meeting.

**Please note:** Proposed curriculum changes are summarized below. Additional details may be viewed in the Curriculum Management (CIM) system by clicking on the hyperlinked course number or program title.

## ANNOUNCEMENTS

- UCC Deadlines Reminder:** Current deadlines are available on the [Curriculum & Catalog website \(curriculum.colostate.edu\)](http://curriculum.colostate.edu)

For proposals that are not approved out of the College or SAU workflow in CIM by the published deadline for the effective term requested by the unit (i.e., ‘**Start Term**’ field in Courses and ‘**Program available to students**’ field on Programs), the effective term will be updated by the Registrar’s Office to the next available effective term prior to UCC review. There is not an automated process to notify departments when we change the effective term, but the updated term should be correct on the UCC agenda and minutes going forward.

- Please allow **several weeks** for proposals to be reviewed by affected departments and the college prior to the deadlines below. Address questions to your University Curriculum Committee (UCC) college representative.
- Proposals must be approved in CIM by the department and college curriculum committees, all affected departments, the UCC college representative, and the college Dean’s office prior to UCC consideration.
- Incomplete submissions will be returned for completion/resubmission and will not have met the submission deadline.

**Completed proposals must be out of the College or SAU workflow in CIM by the dates shown.**

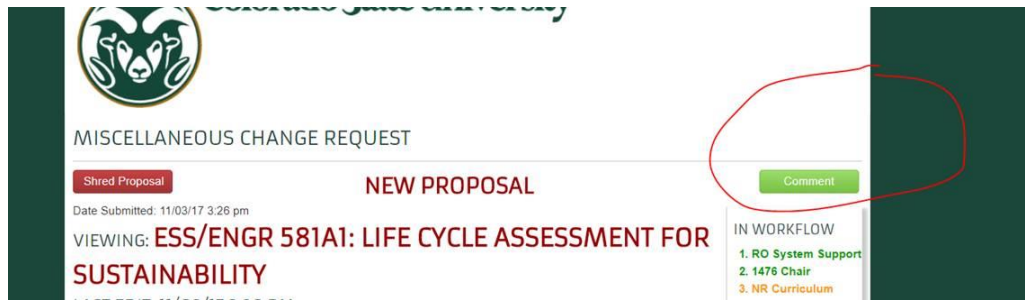

All changes to a program should be submitted at the same time on **ONE** CIM proposal form once a year.
