<b>Major Changes to Existing Programs</b>		
<b>Program Title</b>	<b>Notes</b>	<b>Effective Term</b>
<b><i>College of Liberal Arts</i></b>		
<a href="#">GEOQ: Minor in Geology</a>	We are seeking to ensure that students rely primarily on regular courses in meeting the upper-division credit requirement for the Geology minor. Hence we are asking to limit the number of reserved number courses that can be applied to the requirements of the minor. This will bring the formal curriculum in line with our advising practices and the intention of the minor curriculum program and ensure that students are completing a minimum of three 3-4 credit upper-division classes to fulfill the minor program requirements. We are also adding Geol 110 and Geol 121 as an approved group to fulfill the introductory geology course requirement to reflect the addition of the Geol 110 class to our curriculum.	Fall 2019
