

UNIVERSITY CURRICULUM COMMITTEE MINUTES

A regular meeting of the University Curriculum Committee was held on **August 24, 2018** at 2:00 p.m.

The meeting adjourned at 4:05 p.m.

Minutes

The minutes of May 4, 2018 were approved electronically on May 7, 2018.

Consent Agenda

The Consent Agenda was approved.

Please note: Approved curriculum changes are summarized below. Additional details may be viewed in the Curriculum Management (CIM) system by clicking on the hyperlinked course number or program title below. Once a course proposal is approved to the “Curriculum Liaison Specialist - hold for FC approval” queue in the CIM workflow, the course should be available to be added to the Class Schedule in ARIES/Banner (contingent on the effective term approved by UCC and Scheduling deadlines).

Miscellaneous Memo Requests	
Request	Notes
Request to Reactivate BC 406A, 406B, 406C	Rationale: With the growth of our undergraduate program (doubling in the last few years to over 350 students), we have experienced increased demand to offer opportunities to obtain advanced laboratory skills. In the past, we could accommodate students seeking these skills in our faculty research laboratories, but this is no longer sustainable with the size of our program. Reactivation of BC406A-C will allow our students to acquire additional cutting-edge laboratory skills, which will provide them with advantageous assets for their biochemistry degree on the job market.
