Miscellaneous Memo Requests	
Request	Notes
New Subject Code Request: SPMT (Sport Management)	This request is for a new subject code (SPMT) to facilitate the creation of a new graduate degree program titled Master of Sport Management. This program is designed to obtain and comply with the accreditation requirements from the Commission on Sport Management Association (COSMA). This accreditation requires a formalized process of assessment and evaluation each year that will be difficult to track without a clear subject code for students completing this program. At minimum, having a new subject code, SPMT, specific to this new program will streamline the process of tracking and measure student outcomes as required by COSMA.
